

Dear Jerome:

Recently you performed a mold remediation in our home and we want to thank you and your crew for doing such a great job. About 12 years ago, Mid-Atlantic Waterproofing, at a high cost to us, put in a waterproofing system in our basement. Over the years, mold had developed and the basement was still unusable.

Not only did you completely and professionally eradicate the mold, but for a very reasonable fee, you corrected some installation errors Mid-Atlantic had done all those years ago. The drain now goes completely around the walls of the basement, the pump is larger, and we now have the ability to snake the drain should it become clogged.

We're amazed at how you managed to remove the heavy odor and do away with our "wet wall" that hid behind a closet for many years. We'll be remodeling soon and we're more confident than ever that the basement will stay dry and pleasant for years to come. Again, thanks to Select Basement Waterproofing for a job well done.

Sincerely,

Bill and Maryellen Donnell
