

Dear Jerome:

Just a note to thank you for the professional job you and your workers did in installing the window wells and sump-pump in order to alleviate the musty odor in my basement. I was truly impressed by the neat and clean job you did both inside and out. Just as my friend, Gertrude Molinoff, recommended you to me, I will certainly not hesitate to recommend you to my friends should they ever be in need of basement waterproofing.

Sincerely,

Faye Alesi
