To Whom It May Concern,

I just wanted to take a minute to thank you for a job well done. In this world a person is measured on his word. Based on that belief you guys are worth your weight in gold. Prior to signing on with your company I had interviewed many other "professionals"; all with a good story. I hired you guys because your services were the most affordable, you used only hi-grade supplies and you backed up your word by showing me proof of what you had already done. Finally, I was most impressed when you asked for no money until the job was done.

You are your word and that is why I would recommend you guys to anyone that asks. The job looks great and it works perfect. It was a pleasure to do business with you guys. Feel free to use me as a reference.

Respectfully,

Gene T Ryan
