

***Jerome and Dennis,***

Thank you for the wonderful job you and your ***Select Basement Waterproofing*** team did installing the French drain and pump system in our basement. We will sleep easier now, knowing that future "flooding opportunities" will not trouble us.

Your work force was not only highly skilled and professional but very polite and friendly. And the fact that you were able to complete the job in a single day, including excellent clean-up and complete removal of debris, was amazing.

Given the business you are in, I am sure you will understand if we do not ever want to need your services again. What is more telling, though, is that we find ourselves somehow sad about that. Your team is that good!
